PROFILE SUMMARY

Portfolio Link : www.sumayyacv.com

Creative and versatile Multimedia Designer with over **11 years** of experience in 3D visualization, CGI animation, and graphic design across diverse industries including architecture, product development, and corporate branding. Adept at transforming complex ideas into engaging visual content using 2D/3D tools, animation, and multimedia design. Skilled in high-quality rendering, motion graphics, and preparing visual assets for technical proposals, presentations, and marketing campaigns.

Experienced in leading end-to-end design processes — from concept research and prototyping to final delivery — while collaborating with cross-functional teams and clients. Strong ability to adapt to evolving design trends and technologies, with a proven track record of delivering innovative and detail-oriented solutions that align with brand identity and business goals.

ACHIEVEMENTS

- Selected to represent Precise Merchandise at the Hong Kong Gifts & Premium Fair 2025, showcasing custom-designed gifting solutions to a global audience.
- Successfully led the design and 3D visualization of exclusive merchandise collections for premium clients including Dubai Frame, Burj Khalifa – At the Top, Burj Al Arab, Sheikh Zayed Mosque, and BAAPS.
- Recognized multiple times as Efficient Employee of the Month while working on SAP Project Clover, for delivering stunning revised 3D designs of Dubai models, monuments, and Porto models.
- Assisted in the development of successful Facial/ Lip sink animation production pipelines using 3Ds max , iClone and intergrated Unity.
- Received the prestigious Spot Award for Best Multimedia Design Delivery for the Sanofi Paris Project.
- Successfully mentored and trained new joinees and junior designers, enhancing team skills and productivity.

WORK EXPERIENCES

Projects and Responsibilities:

AUG 2024 - Present | Creative Multimedia Designer
Precise Technologies, Dubai, UAE

As part of the creative force behind Precise Merchandise, the gifting division of Precise Technologies, I specialize in transforming concepts into tangible, branded corporate and promotional gifts tailored to UAE's premium market. My role spans the full product development lifecycle — from market research and ideation to 2D/3D visualization, prototyping, and final production.

- Conducted in-depth market trend research to conceptualize unique and meaningful corporate gift ideas aligned with client branding and campaign goals.
- Designed 2D and 3D product mockups to help clients visualize final products prior to approval, ensuring precise alignment with branding and expectations.
- Collaborated cross-functionally with internal sales, sourcing, and production teams to deliver manufacturable, high-quality merchandise within tight timelines.
- Created visually compelling designs for a wide variety of promotional products, including technology gifts, eco-friendly items, custom apparel, and luxury executive gifts. Crafted custom collections for seasonal and occasion-specific campaigns such as UAE National Day, Ramadan, Diwali, Christmas and Women's Day.

CORE COMPETENCIES

- 3D Modelling, 3D Visualization
- 3D walkthrough
- 3D stages, exhibition stalls
- UV Mapping, Texturing & Coloring
- Realistic Rendering
- Character Modeling,
- Rigging & Animation
- Design Strategy
- New Design Concepts
- Visual Storyboards
- Photo Manipulation & Compositing
- Graphic Designing
- Video Editing & Motion Graphics

SOFTWARE SKILLS

- 3DS Max
- Blender
- Maya
- V-Ray
- Corona
- Twinmotion
- Substance Painter
- Photoshop
- Illustrator
- After Effects
- Premiere

SOFT SKILLS

- Negotiation
- Team Collaboration
- Communicator
- Creativity & Conceptualization
- Planner
- Brainstorming
- Hand Drawing
- Time Management
- Organizational Skills
- Problem-Solving

JUNE 2024 - AUG 2024 (3 Months Contract) 3 D Visualizer & Interior Designer Veloche Dubai UAE

Specialize in creating high-quality 3D architectural models and interior designs, utilizing industry-standard tools like 3Ds Max, Corona, V-Ray, and Photoshop. I have worked on a variety of 3D visualization projects, including office interiors and event spaces , ensuring detailed and realistic representations.

FEB 2017 - JAN 2024 (6.9 YEARS) Sr. 3D Designer

SAP (through ITC InfoTech) Bangalore Karnataka

Collaborated with cross-functional teams to deliver immersive experiences and interactive virtual reality projects, creating storyboards, mood boards, 360 renders, and Low poly models. Interpreted concept art into 3D models, including environments and characters with high-quality textures and animations. Transformed 2D concepts into 3D environments for stage designs and event installations. Produced detailed architectural and interior 3D renderings and walkthroughs. Worked closely with stakeholders to set deadlines and ensure optimal project outcomes.

NOV 2015 - AUG 2016 (9 MONTH) 3D Designer

Mebelkart - Getit Furniture Pvt Ltd (Bangalore)

Specialize in creating high-quality 3D architectural models and interior designs using 3Ds Max, V-Ray, and Photoshop. I also have expertise in product modeling and Product Visualization, ensuring detailed and realistic representations of furniture and interior spaces.

2013 MAY - 2015 OCT (2.5 YEAR) Graphic Designer

Rightvisit Technologies Pvt Ltd (Trivandrum, Kerala)

At Rightvisit Technologies, responsibilities include creating 3D architectural and object models, designing motion graphics, corporate videos, identities, and crafting social media posts. The role also involves client collaboration, managing multiple projects, and staying updated with industry trends to provide innovative design solutions, enhancing storytelling and brand presence for clients.

2008 JUL - 2010 OCT (2.3 YEAR) Multimedia Head

Tweens Multimedia (Trivandrum, Kerala)

As Multimedia Head at Tweens Multimedia in Trivandrum, I provided software training in graphic design, 3ds Max, Maya, and 3D architectural design. Over 2.3 years, I developed training programs and workshops to enhance students' and professionals' skills in these areas, fostering creativity and technical expertise.

2007 JUL - 2008 AUG (1.1 YEAR) Multimedia Faculty

CAD Point (Trivandrum, Kerala)

At CADDPOINT in Trivandrum, I was a Multimedia Faculty, training students in Photoshop, Illustrator, 3ds Max, and Maya. I also designed brochures, business cards, logos, and other graphics, creating visually compelling designs and teaching these tools effectively.
